Vijay Pallet & Box Manufacturers (India) Pvt. Ltd.

®

Vijay Pallet & Box Manufacturers (India) Pvt. Ltd. is a well-known leading manufacturing company of wooden pallets & boxes, cable drums, pallet collars, and special purpose wooden packaging.

A business of manufacturing wooden pallets, boxes and collars with heat treated wood of various sizes and varieties which is basically required for export packing purpose in various heavy engineering industries and also in most of the pharmaceutical companies.

Vijay Pallet & Box Manufacturers (India) Pvt. Ltd. is a firm owned by Mr. Abhay P. Thorat, an energetic enthusiastic entrepreneur.

Abhay Thorat, while completing his graduation & further post-graduation in Packaging joined hands with his father Mr. Prakash K. Thorat in wooden packing boxes manufacturing unit named VIJAY BOX WORKS, a renowned firm founded by his grandfather Khashaba Thorat, which is their original business since last 64 years.

As nowadays more and more industries are engaged in exporting machines and other items like food, pharmaceuticals etc., the need for heat treated wooden pallets and boxes has also increased inline.

This very fact is encouraging for the fast growing business of the Company. Specialty of this firm is to manufacture top class heat treated wooden pallets and boxes as per the requirements of its esteemed customers.

Vijay Pallet and Box has its head office located at Katraj, Pune. The factory is situated At Post Sarola, Taluka Bhor, near Shirwal, Pune and is spread over 1,08,500 sq. feet of area including highly advanced Research and Development facility, state of art Production facility and dedicated Training Centre for giving periodic training to its staff members.

ZERO DEFECT PHILOSOPHY FOR 'FIRST TIME OK'

Benefits of Zero Defect :

Zero complaints - First Time OK

Zero inefficiency - Shorter Development Lead Time

Zero wastage – Low Manufacturing Cost

Zero pollution – Environment Sensitive

We offer Heat Treatment

ISPM – 15

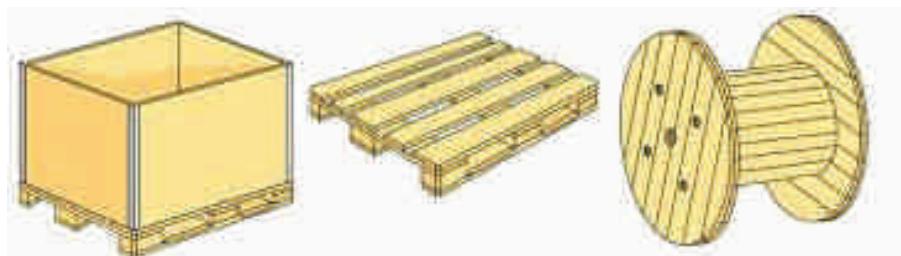

International Standard for Phytosanitary Measures – 15

As per the ISMP – 15, the raw wood packaging material requires to undergo approved treatment such as Heat Treatment at 56° C for 30 min.

Mark: An official stamp or brand, internationally recognized, applied to regulated article to attest its phytosanitary status

Benefits of Heat Treated Wood -

- Accurate moisture control.
- No chance of Fungus formation due to less amount of moisture.
- Eco friendly.
- Low weight , pay less transportation cost.

We supply - *Wooden Pallets*

Standard Pallet sizes

- 800x600mm
- 1200x1000mm
- 1200x800mm
- Customizable as per client's requirement

Pallet Variations

Wooden Boxes

Types of wooden boxes

1) Skidded Base Type Box

2) Crate Type Boxes

3) Plywood Boxes

➤ Nailed Pine and Plywood Boxes

Vijay Pallet & Box Manufacturers (India) Pvt. Ltd.

➤ Nailless Plywood Boxes

4) Standard Boxes

Wooden boxes are often used for heavy duty packaging when -

- high strength is needed for heavy and difficult loads
- long term warehousing may be needed
- large size is required
- rigidity is required
- when stacking strength is critical

Wooden Pallet Collars

A WIDE RANGE OF PALLET COLLARS

We produce wooden pallet collars according to standard specifications as well as offer customized solutions to our clients.

We promote wooden pallet collars as 'Reusable Packaging' to preserve the environment.

Wooden pallet collars in combination with pallets and lids provide tough packaging which guarantees reliable protection of cargo and ensures labour safety.

This type of packaging allows you to solve the problems of storage in companies in different fields. They are foldable and can be stacked upto your needs.

Less volume , and hence pay less for transportation.

Our Pallet Collars meet Phytosanitary regulations, ISPM 15 compliant (Heat Treated, KD, DB) and therefore can be shipped all over the world.

Benefits Of Pallet Collars -

- 1) Compactness
- 2) Reliable Protection OF VALUABLE CARGO
- 3) Reusable
- 4) Easy to transport and re - transport

Cable Drums

Features of Wooden Cable Drums

Easy to use

User Friendly

Easy transportation of cables and wires

Customized Packaging

Sometimes the unique design that works is not the one that everyone else is using. The only design that matters is the one you need.

We offer Customized packaging products and solutions for a complex environment. Customized packaging is a unique solution, specified, designed and optimized to meet the exact packaging requirements of the application.

PRODUCT BRANDING

We also offer product branding on all our products . This facilitates the identification, accounting and distribution of products in the warehouse as well as contributes to the recognition of the client's company in the market, which stands as a silent salesman for the client's company.

From prototype design to existing packaging we have the experience to help with all your shipping needs.
